YOUR TRIP, DAY BY DAY

Classic Europe Discovery

Multi-city options | Rail / coach combinations | Illustrative itinerary to customise around your travel dates and preferences.

DAY 01**Arrive in your first city**

Arrive in the first city on your confirmed route and transfer to your accommodation using the arranged service. Keep the day gentle with a neighbourhood walk and meal close to the hotel, especially after a long flight.

DAY 02**Iconic sights and local streets**

Explore key landmarks and neighbourhoods in the first city. A guided tour can help orient you, while free time allows for cafés, shopping and local discoveries. Timed-entry tickets should be booked in advance when required.

DAY 03**Scenic transfer to the next stop**

Travel to the next city using the rail, coach or flight arrangement stated in your itinerary. Check luggage rules, station locations and seat reservations. After arrival, settle in and explore close to your accommodation.

DAY 04**Culture, architecture and cuisine**

Discover museums, historic quarters, markets or local food experiences that match your interests. Confirm whether guide services, attraction tickets and meals are included or paid locally.

Planning tip

Allow for local traffic, check-in times and opening hours. Activities and transfers shown here are suggestions unless they appear in your written quotation.

DAY 05**Regional excursion**

Use the day for a nearby town, scenic viewpoint or countryside excursion if travel time allows. Seasonal schedules and weather can affect excursions, so retain a flexible alternative in case plans need to change.

DAY 06**A second city perspective**

Continue exploring the selected city with time for signature sights and personal interests. Avoid overloading the day; reserve time for transfers, queues and breaks between attractions.

DAY 07**Flexible leisure day**

Keep this day open for shopping, a museum, a relaxed café morning or an optional activity. Your exact city sequence and overnight stops should follow the final confirmed booking rather than this sample outline.

DAY 08**Departure**

Check out and transfer to the correct airport or station. Verify local departure times, terminal details, baggage restrictions and any city tax or hotel payment due at checkout.
