YOUR TRIP, DAY BY DAY

Thailand Island & City Escape

Phuket | Pattaya | Bangkok options | Illustrative itinerary to customise around your travel dates and preferences.

DAY 01**Arrival in Thailand**

Arrive at the airport and meet your pre-arranged transfer, if included in the final quote. Check in, freshen up and take the rest of the day at an easy pace. Depending on your arrival time, enjoy a nearby café, a short beach walk or dinner featuring Thai favourites.

DAY 02**Explore your first destination**

After breakfast, spend the day getting familiar with your chosen base. In Phuket, you could explore a beach and Old Town; in Bangkok, discover riverside neighbourhoods and city landmarks. Any admission tickets, guided tours or meals are included only if listed in your confirmed itinerary.

DAY 03**Culture, coastline and local flavours**

Keep today for a more immersive experience: a local market, temple visit, viewpoint or relaxed time by the sea. Ask your Tripzopod expert to match the day to your interests, whether you prefer photography, family-friendly stops or a slower pace.

Planning tip

Allow for local traffic, check-in times and opening hours. Activities and transfers shown here are suggestions unless they appear in your written quotation.

Use this day for optional sightseeing, an island excursion where available, shopping or a food-focused outing. Your final plan should specify whether transport, tickets and guides are included or payable locally.

DAY 06**Departure**

Enjoy breakfast if your schedule allows, check out and transfer to the airport according to your confirmed departure time. Leave enough time for traffic, airline check-in and any baggage requirements.
